**PROGRAMMATIC COMMENTS:**

\*\* For the ESS programs that indicate "approved restricted rate not to exceed 5%", there is a further test that we do because our allowable "ADMINISTRATION" is limited to 5%. Therefore, if the LEA budgets under the budget line items that are "administration", we add those line items plus the indirect cost amount. The total of the two sections cannot exceed 5% of the total budget. All GM Grants/Year 2's are subject to the same Maximum Allowable Indirect Cost.
